I. GENERAL COURSE INFORMATION:

Course Description: This course is a study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment.

Course Learning Outcomes: The student will develop personnel and payroll records that provide the information required under current laws and process payroll data and tax data and prepare reports.

Course Competencies: Grades are based on quizzes, chapter exams, and a practice set. Practice assignments will be available for mastery purposes. A minimum grade of “D” is required to pass ACNT 1329.

Academic Integrity: It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating: The course is intended to be completed on an individual basis. Dishonesty of any kind on quizzes, exams or the practice set are examples of cheating. Dishonesty in any form in this class will result in immediate dismissal and an “F” as the final grade.

SCANS and Foundation Skills: The Secretary's Commission on Achieving Necessary Skills (SCANS) was appointed by the Secretary of Labor to determine the skills that young people need to succeed in the world of work. The purpose is to encourage a high-performance economy characterized by high-skill, high-wage

employment. Eleven skill areas were identified by the Commission. The Foundation Skills involve reading, writing, and mathematics. The other eight areas refer to workplace skills, such as working with clients and co-workers. POFT 2312 identifies the following:

Foundation Skills: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17

Workplace Skills: 1, 2, 3, 5, 6, 7, 15, 16, 19

Verification of Workplace Competencies: This course will provide practical experience involving payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment. This course assimilates information/skills from other courses in the Accounting Associate program, which includes a capstone experience.
